- **Environment-related sustainability topics are increasingly in focus**
- **Smart products and digital solutions necessary**
- **Business potential through climate-protection investments**

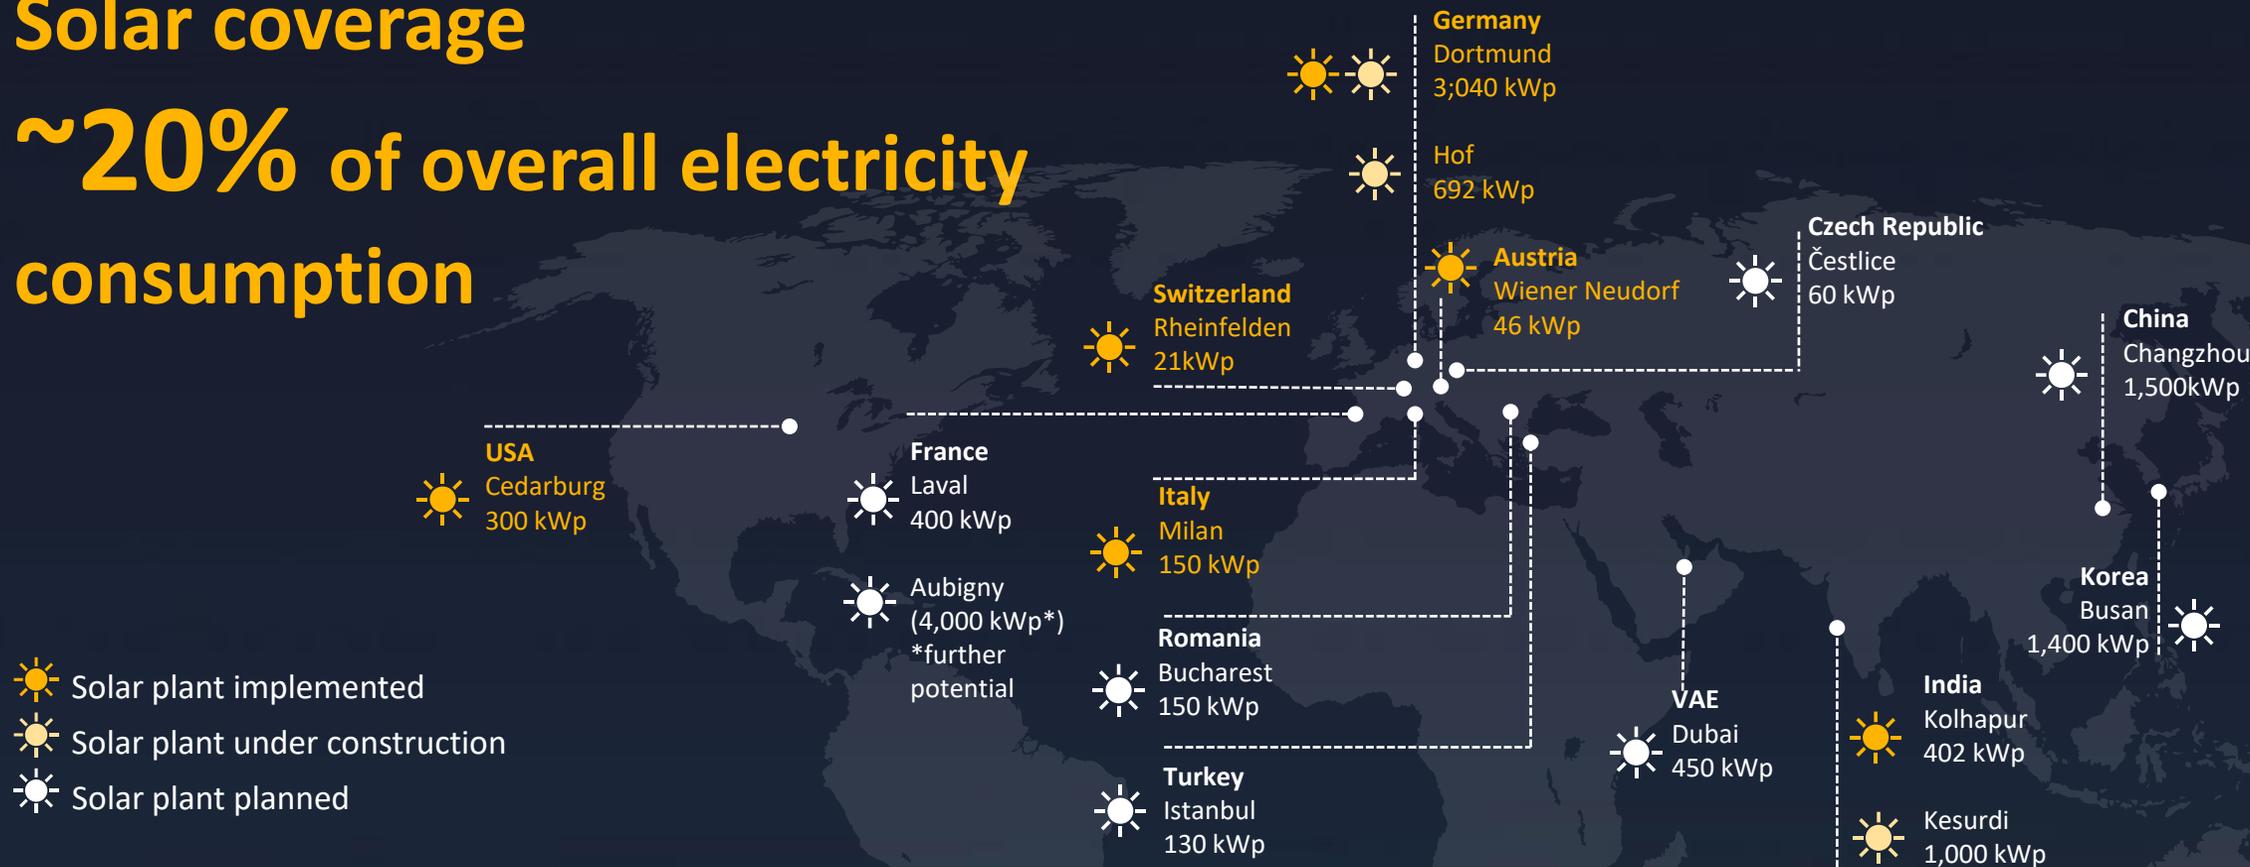

WORLDWIDE PHOTOVOLTAIC PROJECTS.

HISTORIC HIGH INVESTMENT OF 10.000 KWP.

Solar coverage

~20% of overall electricity consumption

CLIMATE CHANGE. SUSTAINABILITY.

wilo

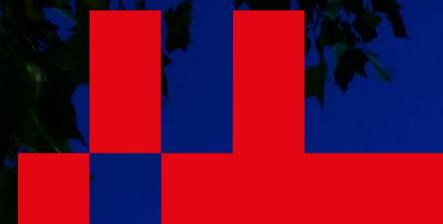

Wilo is one of the top 1% of the 90,000 companies evaluated by Ecovadis worldwide.

The Wilco logo is positioned in the top right corner of the image. It consists of the word "wilo" in a white, lowercase, sans-serif font. The background of the entire image is a photograph of a modern industrial building at dusk, with its interior lights glowing through large glass windows and doors. The sky is a deep blue, and some tree branches are visible in the upper corners.
